Content

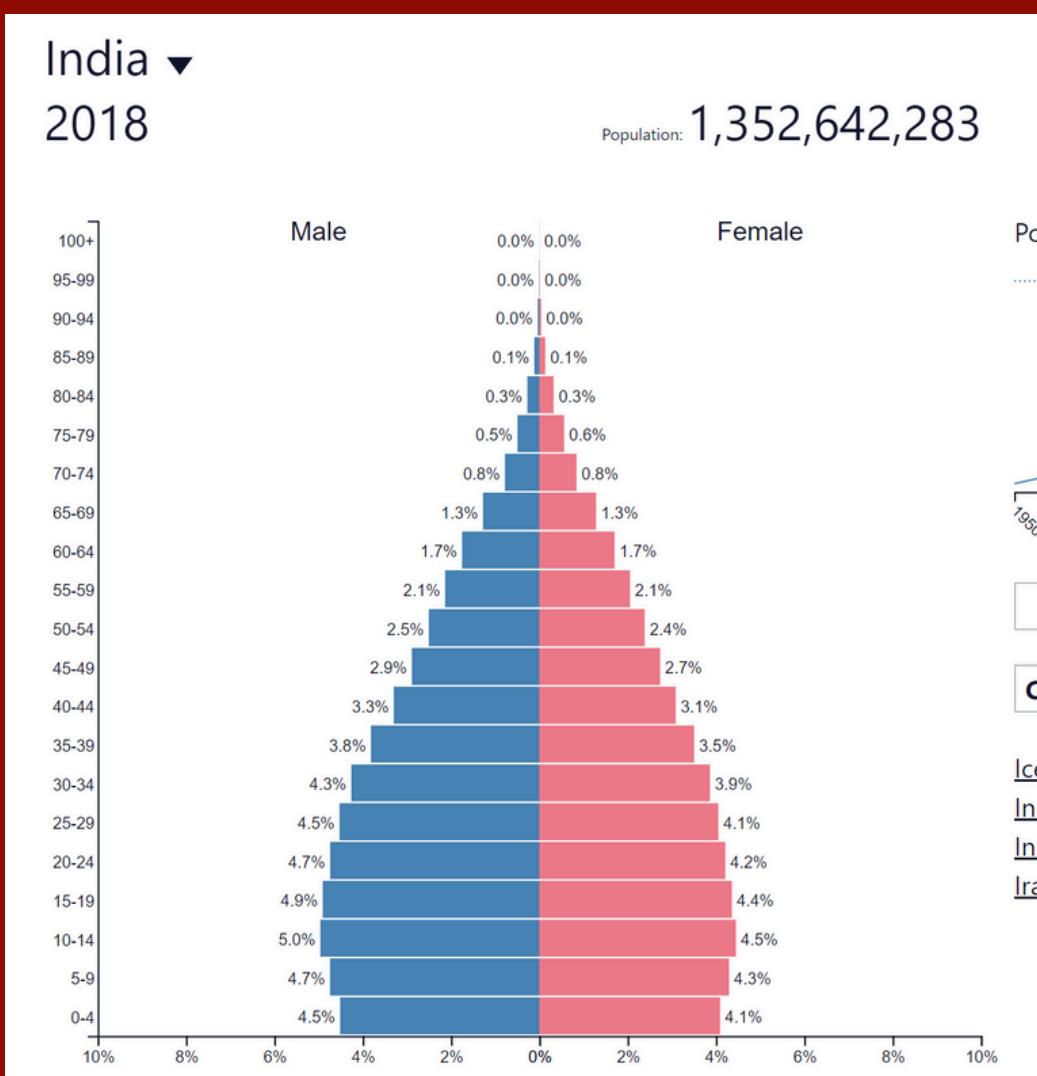

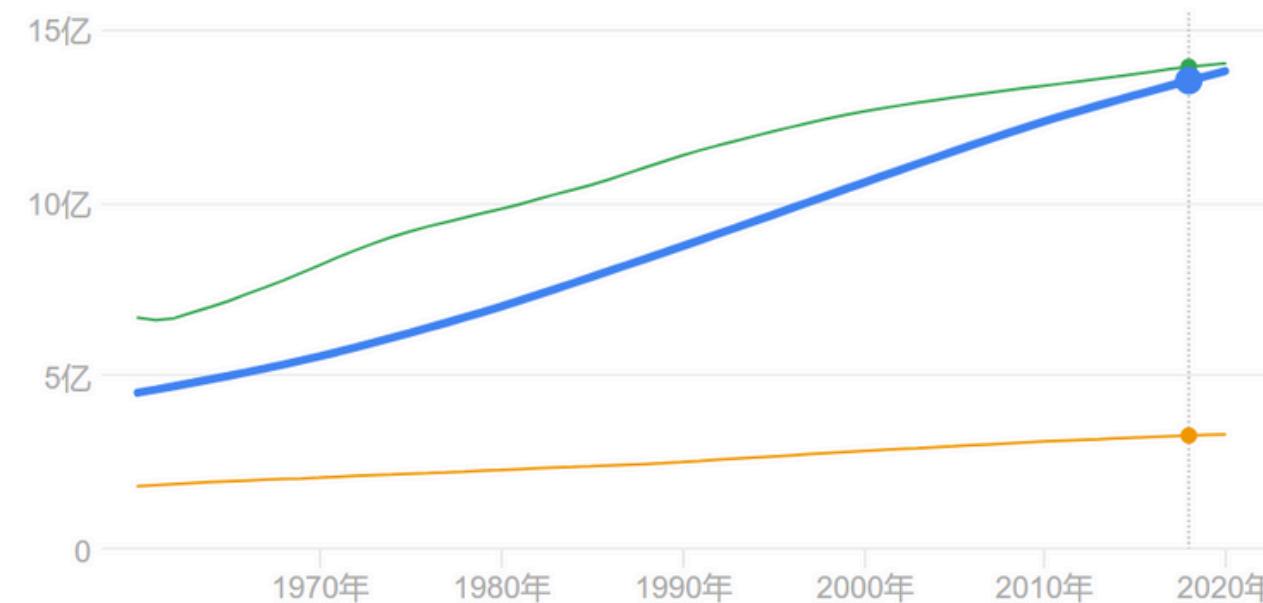

Topic to Cover: India

1. Population
2. Culture
3. Religion
4. Agriculture
5. Industry
6. Urban
7. Migration

*Since the film is produced in 2018, the majority of data are found in year in 2018.

13.8亿(2020年)

Population

- as a developing country, India's population is still growing at remarkable rate
 - more youth than elderly
- Gender Gap Index: 0.665 & ranked 108th throughout 149 countries
 - great gender inequality

Culture

- Pad in India is expensive, which a lot of family cannot afford
- Woman has less power than man, so usually female are ashamed of period, and male are not familiar with period
- Gesture is another language in India for them to express emotion
- Indian regard a girl as a woman when her first period comes. and would have a ceremony for her.

Religion

Hinduism

- a major world religion, also of the oldest
- 78.9% of India's population are Hindu
- Hindus accept—and indeed celebrate—the organic, multileveled, and sometimes pluralistic nature of their traditions
 - which is very different from other religions
- Hinduism is Henotheism, meaning they only recognize one God --Brahman

India is a very religious country, so in the movie there also appear people who belong to other religions, such as Christianity.

Agriculture

#1 TRADITIONAL PRACTICE INCLUDE

- Double cropping, mixed cropping, crop rotation, agroforestry, use of local varieties and resources with host-pathogen interaction

#2 PRODUCER OF

- the world's largest producer of milk, pulses and jute
- rice, wheat, sugarcane, groundnut, vegetables, fruit and cotton

#3 ARABLE LAND

- 52.6 percent in 2018.
- Approximately 60 percent of the Indian population works in the industry
 - about 18 percent to India's GDP.

Industry in India

KEY IDEAS

- Semi-periphery Country
 - who contribute to the manufacturing and exportation of a variety of goods
- Rostow's Growth Model: between stage 3 and 4
 - due to its many regional variations, it's in between to countries

MAIN INDUSTRY

- Iron & Steel
- Textiles
- Jute
- Sugar
- Cement
- Paper
- Automobile
- Information Technology (IT)
- Banking & Insurance

URBAN

从今以后 我的家 就是你的家

URBAN CITIES

Kanpur, Jaipur, Lucknow,
Nagpur, etc.

哥 你别过去

URBAN POPULATION

India urban population for
2018 was 460,304,169, a
2.34% increase from 2017.

iQIYI

URBAN AREA

Under the rather stringent definition
of the Census, about a third of India
is urban, with urbanized states
concentrated in relatively richer
southern and western India.

Migration

PUSH & PULL FACTORS

Push:

1. poverty
2. lack of work opportunities & unemployment and underdevelopment
3. poor economic condition
4. exhaustion of natural resources and natural calamities
5. scarcity of cultivated land

Pull:

6. labor demand
7. political stability

NET MIGRATION RATE; -0.396%

GROWTH RATE: 1.280%
